

## WSB Youngtimer-Cup Regulation 2024

### Announcement – Registration

The dates of the season will be announced at the closing ceremony or on our website.

Registration is free. Only registered drivers appear in the overall standings and are entitled to cash or prizes. Licensed drivers may take part in the races for training purposes, but are generally excluded from trophies, cash and non-cash prizes or points.

The participant can only start in the class for which his motorcycle is intended. Participation with a motorcycle registered in the "Youngtimer Cup" in another annual or daily classification is excluded.

If a driver cannot take part in qualifying, race control decides whether the driver can start from the pit lane or from the back of the grid.

The choice of tires is free.

The races are started together with the ladies and/or the boxers and evaluated separately.

Qualifying for races: according to the current schedule.

Registration is via the homepage [www.wsb-sport.com](http://www.wsb-sport.com).

NF = dropped out of the race due to a fall or a technical defect

NT = did not attend this event

DQ= disqualified

If the training and race does not take place for technical (weather) reasons, all drivers who are present and registered will automatically receive 5 points for the overall ranking.

If qualifying takes place but the race cannot be started, the starting grid counts as the final result.

Points awarded if the race is abandoned: If the race is abandoned after 50% of the laps (starting from the leading driver), the result counts as the final result with full points - the last full lap is counted.

If the race is stopped before 50% (starting from the leading driver), it is restarted with the original starting grid - if this is not possible for (weather) technical reasons, half points are awarded - the last full lap is counted

## Rating

In order to remain in the overall standings, you have to have started **at least 50% of all races offered**. Each annual ranking driver gets 1 bonus point for each race started (regardless of whether the race is finished or not). Disqualified get no points. **The worst two results will be deleted.**

All drivers in the overall ranking receive trophies and the following prize money in the form of a credit. Year-round "free riders" do not receive any prize money.

1. Place balance over 500 Euro
2. Place balance over 300 Euro
3. Place balance over 200 Euro
4. Place balance over 150 Euro
5. Place balance over 100 Euro

The prizes are not transferable and will not be paid out

These points also count for the WSB Team Cup 5000 (Tc5k)

## Time penalties

- 1) 20 seconds for jump starts
- 2) 20 seconds when overtaking under „yellow“

Disqualifications - The driver will be completely disqualified from the race if:

- 1) the driver drives onto the race track after the 2-minute phase at the pre-start despite the red traffic light
- 2) the driver already starts the warm-up lap, although the race director with the red flag is still on the circuit
- 3) the driver starts although the traffic light has not yet switched to red.
